提問頁面

The screenshot shows a web application window titled "PC^2 Team TEAM 1 (Site 1) [STARTED] Build 2136". The interface includes a timer showing "< 2 mins" and an "Exit" button. A tabbed menu at the top contains "Submit Run", "View Runs", "Request Clarification" (which is the active tab), "View Clarifications", and "Options".

Under the "Request Clarification" tab, there are two main input areas:

- A "Problem" dropdown menu with "PA" selected. This area is highlighted with a red box and labeled "選擇有疑問的題號" (Select the question number you have doubts about).
- A "Question" text area for providing details. This area is also highlighted with a red box and labeled "問題描述" (Question description).

Below these input areas is a "Submit Clarification" button, which is labeled "發送訊息" (Send message).

檔案讀取方式

本競賽輸入方式一律採取“ 檔案讀取” ，方式如下：

```
int main()

{

    FILE *in;           //宣告檔案類型變數

    in = fopen( "pa.in" , "r" );    //讀取檔案 pa.in    "r" 為讀取

    int n;

    fscanf( in , "%d" , &n );    //從檔案 in 讀取整數變數 n

    printf( "%d\n" , n );

    system( "pause" );

    return 0;

}
```
